### Abstract

*The abstract should give a brief overview of the article content. It is afterwards published as a manuscript synopsis, so please be careful when writing this short piece of text – the readers might be either encouraged to dig further into the text or deterred by the quality of this short introductory note. Please include the main findings, briefly summarised and preceded by the short introductory note that explains the case study context and significance. It is not recommended to use references in the abstract. It is recommended to include no more than 200 words in this part.
